International Endodontic Journal (1992) **25**, 315–318

Author and Subject Index to Volume 25

Abbott, P.V. Systemic release of corticosteroids following intra-dental use, 189
Abbott, P.V. *see* Reid *et al.*, 213
Access
see Ting & Nga, 304
Accuracy
see Griffiths *et al.*, 279
Aguade-Bruix, S. *see* Canalda-Sahli *et al.*, 250
AH-26
see Reid *et al.*, 213
Al-Omari, M.A.O., Dummer, P.M.H. & Newcombe, R.G. Comparison of six files to prepare root canals. Part 1, 57
Al-Omari, M.A.O., Dummer, P.M.H., Newcombe, R.G., Doller, R. & Hartles, F. Comparison of six files to prepare simulated root canals. Part 2, 67
Amalgam
see Huysmans *et al.*, 121
Anatomy
see Ting & Nga, 304
Ando, N. *see* Hoshino *et al.*
Apexification
see Gutmann & Fava, 307
Apical constriction
see Wu *et al.*, 88
Apical foramen
see Wu *et al.*, 88; Blašković-Šubat *et al.*, 158
Apical seal
see Canalda-Sahli *et al.*, 250
Apical surgery
see Marton & Kiss, 229; Stabholz *et al.*, 288
Apicectomy
see Danin *et al.*, 183

Bacteria
see Chong & Pitt Ford, 97
Bacterial contamination
see Paterson & Watts, 134; Watts & Paterson, 142
Barbosa, A.L.B. *see* Ferreira & Barbosa, 165
Biocompatibility testing
see Reid *et al.*, 192; Reid *et al.*, 199
Blašković-Šubat, V., Maricic, B. & Sutalo, J. Asymmetry of the root canal foramen, 158
Blood flow
see Watson *et al.*, 82
Bonding
see Saunders *et al.*, 238
Brau-Aguade, E. *see* Canalda-Sahli *et al.*, 250
Briggs, P.F.A., Gulabivala, K. & Setchell, D.J. Dentine-removing characteristics of K-files energized by the Piezon-Endo, 6
Briggs, P.F.A. *see* Gulabivala & Briggs, 107
Brown, J.E. *see* Griffiths *et al.*, 279

Calcium hydroxide
see Heling *et al.*, 15; Heling *et al.*, 20; Chong & Pitt Ford, 97; Fava, L.R.G., 257; Gutmann & Fava, 307
Camphorated monochlorophenol
see Heling *et al.*, 15
Canalda-Sahli, C., Brau-Aguade, E., Sentis-Vilalta, J. & Aguade-Bruix, S. The apical seal of root canal sealing cements using a radionuclide detection technique, 250
Cariogenicity
see Watts & Paterson, 142
Cermet cement
see Huysmans *et al.*, 121
Chan, Kam; Yew, Siu-Chun & Chao, Shou-Yee. Mandibular premolar with three root canals—two case reports, 261
Chau, K.K. *see* Reid *et al.*, 192; Reid *et al.*, 199
Chlorhexidine
see Heling *et al.*, 15, 20
Chong, B.S., Pitt Ford, T.R. The role of intracanal medication in root canal treatment, 97
Citric acid
see Peters & Harrison, 273
Cohen, B.D., Combe, E.C. & Lilley, J.D. Effect of thermal placement techniques on some physical properties of gutta-percha, 292
Combe, E.C. *see* Cohen *et al.*, 292
Composite resin
see Huysmans *et al.*, 121
Core build-up
see Huysmans *et al.*, 121
Coronal leakage
see Saunders & Saunders, 245
Corticosteroids
see Abbott, P.V., 189; Fava, L.R.G., 257
Cyst
see Gulabivala & Briggs, 107

Danin, J., Linder, L., Sund, M.-L., Stromberg, T., Torstenson, B. & Zetterqvist, L. Quantitative radioactive analysis of microleakage of four different retrograde fillings, 183
Debris
see Yap & Stock, 297
Dental anatomy
see Serman & Hasselgren, 234
Dental caries
see Hoshino *et al.*, 2
Dental injuries
see Yates, J.A., 150
Dental pulp
see Hoshino *et al.*, 2; Watson *et al.*, 82
Dental radiography
see Forsberg, J., 93; Serman & Hasselgren, 234
Dentine
see Stabholz *et al.*, 288
Differential diagnosis
see Gulabivala & Briggs, 107
Doller, R. *see* Al-Omari *et al.*, 67
